COLOURIST ASSISTANT

WWW.STACEYCAIN.CO.UK STACEYCAIN@ME.COM 07932998154 LONDON

I'm currently a skilled dailies assistant at Pinewood Studios that has worked in the past in TV post production as a Assistant Editor. I've developed the skills to conform reels from Avid, Final Cut, Premiere Pro into grading software, as well as managing workflows when different cameras/codecs/VT archive are being used.

I can also work as a additional colourist when needed, and able to work with clients on a daily basis.

I moved into the Film industry in 2017 and gained experience within the dailies department. I'm wanting to pursue my career in the colourist department, and get back into conforming and working closely with DI colourists.
